Dear Mr. Page:

It is with great enthusiasm that I submit my application and resume for your internship position at Google. I know my diverse skills and qualifications will make me an asset to your team.

My educational experience has prepared me to work in a collaborative environment. I've been a student at _____ High School for three years. My high school is a project based learning and STEM school. I have learned through my experience that I thrive in a fast paced environment. I have learned to collaborate with peers in projects, and professionally present my findings to peers, staff and members of the community through PowerPoints, speeches, posters and others.

In addition to being able to work well with others I am also told I display a high level of professionalism. I feel that the positions description along with my skills and knowledge are a perfect match. I am a determined individual that is ready for any task. I am thrilled at the possibility of being involved with your company and would love the opportunity to meet with you and discuss the value that I can bring to the Google team. I appreciate your consideration and look forward to hearing from you.

Sincerely,

Tony Stark
